

Allan Dunbar is the Centre Manager for the Inverness CAP Centre based at Culduthel Christian Centre.

I came to Inverness in 1969 with my wife Christine for a job in the motor trade in Inverness; I have a son and daughter both married in the area and also a very proud Granddad.

My experience was in Vehicle Sales and having served for 50 years thought it time to retire and give more time as an Elder in the church for Pastoral care and service to the community.

“My call to serve”

Having been involved in Pastoral Ministry over many years when the opportunity arose to develop the Inverness CAP Centre after I retired I felt a definite call from the Lord to serve.

We receive challenges from a wide variety of needs, and circumstances and it is very important we offer a confidential service.

Our CAP objectives are:

To share the love of the Lord pointing everyone to the source of every need the Lord Jesus and share the gospel in a relevant way for forgiveness of sin and pointing folks to a living relationship with God

CAP offers hope with the objective of helping folks to become debt free. We are supported by Head Office staff in Bradford who create budgets and negotiate with the creditors releasing the pressure of any communication allowing persons to concentrate in becoming debt free.

We hope to develop this ministry from our centre at Culduthel where clients and befrienders can meet at the Coffee Shop for fellowship and support.

I feel so privileged meeting those who require assistance with debt but cannot operate without a team to support.

You may wish to become a befriender, visitor or help to prepare food.

If you would like to discuss ways you could support this valuable ministry I would value a call or visit.
